

Nadcap Compliance statement for Eurotherm E+PLC100 used as

“Control, Monitoring and Recording Instruments”

Eurotherm manufactures instrumentation which, when subject to field calibration, certification and labelling requirements of AMS2750E, meet the accuracy requirements of AMS2750E table 3 for “Control, Monitoring and Recording Instruments”

When subject to the necessary field calibration, “Control, Monitoring and Recording Instruments” manufactured by Eurotherm are suitable for use in Nadcap applications in all furnace classes A – E as defined in AMS2750E clause 3.3.1.

Process instrumentation should always be installed and used in accordance with the Manufacturer’s instructions, which accompany the product.

- The Eurotherm E+PLC100 product is compliant for “Control, Monitoring and Recording”.
- The Eurotherm E+PLC100 product is compliant to section “3.2.7 Electronic Records” for Data Acquisition.

For Eurotherm by Schneider Electric
